AID IS PROMISED ROAD PROJECT IF DEEDS ARE OBTAINED FOR WIDENING

Supervisors Prepare Deeds For Immediate Action By Niles Chamber

Providing clear deeds are obtained from all property owners concerned for the widening of the road an extra ten feet, the Board of Supervisors, at a conference held Thursday morning, assured representatives of the Niles Chamber of Commerce of their promise for full co-operation and completion of the proposed extension of Main street through to the Nursery road in the very near future.

This was made known by President F. V. Jones who, in company with Harvey Braun, represented the local chamber at the gathering, and he further stated that the supervisors were having the necessary deeds prepared for immediate action. As soon as these deeds are in the hands of the Chamber of Commerce, steps are to be taken in an effort to arrange amicable settlements with the property owners in question, and a plea is made to residents and tax payers of Niles for their full co-operation and support in aiding to put this project over.

This vital improvement for Niles has been dragging along for more than two years, pushed from pillar to post; assurances made one week and denials the next; minds changed entirely too often; kicked and buffeted around like a cast-off shoe; and more monkey-wrenches thrown into the works than the most pessimistic doubter could possibly hope for.

This has to stop—it must be killed—and the only way the citizens of Niles can ever hope to attain the successful promulgation of this vital, needy and necessary project, is by putting on a concerted front to those obstacles that have, and are still standing in the way! Co-operation is the keynote of success! If everybody who has the welfare and interest of Niles at heart pull together and work with the Chamber of Commerce in obtaining signatures to the necessary deeds, and let those who do NOT care whether or not Niles prospers and improves, come out in the open with their mercenary reasons, and let everybody know that their craving for a few more dollars in their pocket is greater than their community pride and spirit!

Public improvements of this nature tend to provide smaller towns like Niles with the punch and boost necessary for a label of "progressiveness," instead of an inscription "dead and no good."

And now, a final plea for that concerted and united front that will ultimately mean the completion of this project, and the obviation of all obstacles that stand in its path.

LEGION DELEGATES ENJOY COMMITTEE MEET AT ALAMEDA

Fifteen delegates of Washington Township Post of the American Legion, headed by Commander George Smith, represented this community at a District committee meeting held at Alameda Friday evening, when more than 800 veterans attended from twelve posts in district 10 of Alameda county.

State Commander Bud Gearhart presided over the gathering, which was preceded by a parade, headed by the colors of the various posts. Business pertaining to the district posts was discussed in detail and excellent entertainment was provided.

Due to the popularity of these district functions it was decided that they be instituted as a regular affair, with meetings to be held every two months. The next gathering will be held at Berkeley in May.

SEVERAL INJURED WHEN TWO AUTOS COLLIDE HEAD-ON

Bad Accident Occurs Sunday Evening On Highway Near Niles

Severe injuries were sustained by occupants of autombiles driven by Y. R. Padilla, of Niles, and Miss Evelyn Warren, of Oakland, when the two cars crashed in a head-on collision late Sunday evening on the Niles highway, opposite Perry's dairy at Valle Vista.

Padilla, driving a Ford cabirolet toward Hayward, swerved from the right side of the highway in passing a minor accident that had occurred earlier in the evening, and in so doing, crashed head-on into a Chevrolet coupe driven toward Niles by Miss Warren.

Miss Warren escaped with a few minor cuts on the head, but her mother, Mrs. Grandell Warren, who was riding in the car with her daughter, had both arms broken, and her face and scalp badly lacerated.

COMMITTEE PLANS NEW FEATURES FOR WILDFLOWER SHOW

Third Annual Display Will Be Held On April 11 to 14

Following the successful shows sponsored in 1929 and 1930, the Niles Chamber of Commerce are busily engaged in preparing final plans for the third annual Wildflower display to be held from April 11 to 14, inclusive, and the committee in charge has issued a cordial invitation to all residents of the township to attend.

The aims of the Niles Chamber of Commerce in sponsoring these displays are partly in the interest of conservatism and partly as an educational feature, and in connection with the latter, invitations have been extended to all classes of botany in various schools and colleges in the Bay district.

The 1931 exhibition will be the largest yet attempted, featuring various varieties of wild flowers. A unique feature of the exhibit will be a display of miniature wild flowers, some of which are said to be so small that they can only be viewed with the aid of a magnifying glass.

Professor James C. Shirley, professor of Biology at Phillips University, Enid, Oklahoma, is to deliver an address on "How to Treat the Wildflower" at 2:30 o'clock, Sunday, April 12.

E. M. Mrak and his staff from the research department of the University of California, have kindly offered to assist in classifying the various varieties of flowers displayed.

BUSINESS DISCUSSIONS PREVAIL AT MEETING OF CHAMBER OF COMMERCE

Removal of Sycamore Tree From In Front of Fire Hall Discussed

Business discussions pertaining to outstanding and coming events was the order of the day at the regular weekly luncheon meeting of Niles Chamber of Commerce Tuesday noon. E. Dixon Bristow, principle of the Niles Grammar school, was scheduled to finish an interesting talk commenced two weeks ago relative to measures now before the state legislature, but he was unavoidably absent.

Considerable discussion revolved around the question of the large sycamore tree in front of the fire hall, W Kirk stating that he had been requested to have it removed. Both Harvey Braun and Fire Commissioner Dias reported that the tree did not hinder traffic in and out of the fire station, and it was decided that no action be taken on its removal at the present time.

J. E. Townsend reported on the coming Wildflower exhibit, stating that invitations were being sent out, and that the display would be held in the show rooms of the Rose garage.

All bulbs have been distributed to residents in Niles, and W. Kirk reported that the garden contest appears to be rapidly drawing more enthusiasm every day.

Reports were also made by Kirk on the coming charity whist party, and by President F. V. Jones and Harvey Braun on the conference which they attended with the county board of supervisors last Thursday morning relative to the proposed extension of First street through to the Nursery.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

RELIGION AND EASTER SUNDAY

Next Sunday is Easter. Easter without religion and the church wouldn't just fit into the scheme of things. We wonder how many who read this editorial have not attended a church service during the past year. We know that there have been many—sadly too many. This age of madly rushing from one place to another during a leisure hour has taken our footsteps from an early training that lead to the community church of the denomination of our fathers. It is too bad. It is a real tragedy.

Men and women today, and children reflecting their parents' attitude, are throwing away the big thing in virile life—the solace in old age and the comfort in the hour of death—religion. Many of us let a year go by, even longer, and never set foot in His house of worship, nor turn a leaf in His Bible, nor utter a prayer to Him for guidance, nor ask of Him merciful forgiveness for our sins.

Sunday is Easter. This one day of the church year that should see everyone attend some church somewhere, and pay that much respect at least to the Divine Being, the consciousness of Whom all must admit at heart although we may deny the existence of the spiritual things to the world. We are not here just by chance. This spherical habitation did not just happen. The universe is a well-regulated affair, the stupendousness of which appals the human mind. How childish, then, to doubt the Divinity. To deny a supreme power is foolish enough, but to be indifferent to what comes hereafter is the conduct of an undeveloped mind, as well as a heart wrong to its very core.

Deep in all of us is some religion. Dormant though it may be, it occasionally bestirs itself. In trials and troubles, if at no other time, it comes to life, and when all other friends have forsaken us, and hope seems lost, that divine spark lights the way, and lightens the burden of the heart and soul.

For this great blessing let us, at least next Sunday, pay respect to Him and those who week in and week out, carry on His great work, and through their human efforts guided by His divine wisdom make this world an habitable place for man.

NIGHT SCHOOL IS TO RESUME WORK MONDAY EVENING

Examinations Will Be Given Citizenship Students In Near Future

Resumption of the night school citizenship class of Amador Valley Joint Union High School, Pleasanton, under the direction of P. O. Moyer, principal of that school, was announced for Monday, April 6, at the Pleasanton high school.

The class was discontinued for two weeks because of the operetta which was taking up Moyer's time. This postponement will cause the class examinations to be put off two weeks, it was said.

It was the plan of Moyer to have the class complete its work before the Easter vacation, but was found impossible.

There are fifteen members of the class who are eligible for naturalization papers, Moyer said, and after the examinations have been given, he stated that he was confident that all would be able to successfully pass the government tests and receive their papers.

LOCAL CHAMBER TO SPONSOR WHIST ON THURSDAY, APRIL 8

Proceeds Will Be Devoted to Charity; Urge Strong Support

Under the excellent patronage of the Niles Chamber of Commerce, a whist party is to be held in the Odd Fellows hall on Thursday, April 9, at 8 p. m., the proceeds of which will be devoted entirely to charity.

Members of the Chamber of Commerce have been working diligently during the past few weeks in order to be assured that the affair will be successful from every angle, and it was reported by Harvey Braun at the last meeting that the sale of tickets was progressing very satisfactorily. He also reported that Centerville and neighboring communities were giving wonderful support to the charity affair.

A committee is at present working on the selection of prizes, and those who will prove to be winners will undoubtedly have much reason to thank this committee for their good judgment.

All whist lovers and players of Washington township are strongly urged to lend their support, and to attend the party.

COMEDY BENEFIT SHOW PRESENTED TO LARGE CROWD

Proceeds From "The Little Clodhopper" Devoted To School Band

Before a large audience gathered in the Washington Union high school auditorium on Friday evening, a group of exceedingly versatile Newark residents represented a clever comedy "The Little Clodhopper," which was very well received and enthusiastically applauded.

Proceeds derived from the sale of tickets are to be devoted to defray the expenses of sending the Washington Union high school band to Sacramento, where it will participate in the annual state band contest in May. This will be the second year of competition for the local musical organization, the band placing fourth in its first attempt last year.

The cast of "The Little Clodhopper" had been rehearsing diligently for the past few months under the direction of Mrs. Eva Steinhoff, and the performance on Friday evening more than justified the time spent. Miss Aileen Steinhoff played the lead as Julie Elliott, "The Little Clodhopper," and received excellent support from the following exponents of histrionic ability:

Edward Collins, Septimus Green, Ruth Townsend, Juliette Bean. Hugh Steinhoff, O. C. Gump. Elizabeth Laudenslager, Mrs. Chiggerson Boggs. George Gomes, George Chiggerson. Louise Yockey, Charmaine Carter.

BASKETBALL TEAM FINISHES LEAGUE IN SECOND PLACE

Knights of Columbus Quintet Lose Championship In Final Game.

Folowing a strenuous season of keen competition, the basketball team of the Centerville Knights of Columbus finished second in B division of the Woodrow Wilson Junior League of San Jose, just being nosed out of first place by a defeat in the final game of the season at the hands of the Blue Cagers quintet of San Jose. The score of the final game was 32 to 12.

Following are the players who took an active part in the very successful season of the local cagers: F. Perry, E. Pimentel, L. Lucio and Mendoza, forwards; J. Fonts and H. DeLion, centers; A. Fields, J. Collins, M. Fonts, J. Duart and E. Roderick, guards.

The athletes of the local Knights of Columbus organization now have their eyes set toward the opening of the baseball season on April 18, and hope to make even a better showing at baseball than they did at basketball. Teams from Centerville, Hayward, Berkeley, and Oakland have already signified their intentions of joining the league, and competition promises to be rife.

Fires Of Unknown Origin Damage Two Centerville Houses

Blazes Occur on Saturday Night and Tuesday Morning

Two fires, both of undetermined origin, claimed the attention of the Centerville fire department during the past week, the first, which occurred at 9 o'clock Sunday evening, razing the old home of M. V. Maciel, south of Centerville, and the second, occurring at one o'clock Tuesday morning, severely damaging the home of Miss J. Sandholt, vice-principal of Washington Union high school.

A neighbor first noticed the blaze at the Maciel residence, turning in an alarm to the Centerville fire department, whose prompt arrival saved the new home recently erected by Mr. Maciel, and several other nearby buildings. Damage approximated at $2,000 was done, and it is thought that a burning cigarette caused the blaze.

It is thought that the blaze at the home of Miss Sandholt was originated by a short in an electric wire, and damage amounting to about $750 was done. Both kitchen and bathroom were demolished.

Barley Farmers Are Warned Against Big Foreign Market Loss

English Markets Lost If Growers Join Pool, Is Warning Given

EDITOR'S NOTE: The following story is published for the information of the barley farmers of this district. It does not express the attitude of the the Register as the publisher has not made a study of the situation.

A group of California grain growers organized at San Francisco on February 23, under the auspices of the Federal Farm Board, a co-operative association known as California Co-operative Farmers, Ltd. This was done in conformity with the general policy of the Farm Board with a view to economize in the marketing of crops, and so forth.

No question exsists as to the general usefulness of farmers' co-operative associations. In the marketing of California barley, however, it is apprehended that by entering a pool for the co-operative marketing of his crop, the California barley grower may lose his foreign market.

The California barley crop now averages from 700,000 to 800,000 tons a year. Of this total, about 250,000 tons or more is surplus for export. England and Ireland absorb about 90 per cent of this export surplus.

Buyers in the British Isles are opposed to grain pools. They have refused to buy from the pools formed by farmers in the British dominions of Canada and Australia. They have now stated definitely that they will not buy grain offered by the Farmers National Grain Marketing Corporation which has been offering California barley in Britian.

The brewers and malsters of Britian use about 1,800,000 tons of barley each year, of which about 1,000,000 tons are raised in Britian and about 800,000 tons are imported. Of the latter amount, about 250,000 tons are from California. The balance is imported from India, Canada, Russia, Rumania, the Levant, the Argentine, Chile, and elsewhere.

A cablegram dated March 2, received in San Francisco from the Grain Shippers Committee in London, England, requested the recipients to impress upon the farmers of California the serious situation caused in Britian by the attempt of the Federal Farm Board to control the Califo nia crop. It explained that the committee has already been requested by an influential group of buyers to guarantee that the California barley purveyed to them is not supplied by a pool. An inquiry for 7,000 tons of California barley, according to this dispatch, had already been diverted, and it was then the considered opinion on the London grain market that pool conditions will mean considerable reduction of British imports of California barley.

It is therefore suggested that the California barley farmers would be wise not to relinquish control of their coming crop to any pool until they have heard all sides of the subject discussed, or arrange to discuss it among themselves at their forthcoming farmers' conference.

It can then be decided what action should be taken to meet the situation, and whether the best interests of the grower can be served by forming a barley pool if by so doing he loses the patronage of the British and Irish brewers and malsters who profess to be prejudiced against all grain pools.

DECIDING TILT IS CALLED IN FIFTH BECAUSE OF RAIN

Washington and Hayward Play Crucial Game Friday.

With Washington leading by the only run scored in five innings of play, the game that would have broken the tie for first place in the Alameda County Athletic league, section B, between Washington and Hayward was called on account of rain, leaving the issue still in doubt.

The game, played at Hayward on Friday afternoon, had settled down into a pitcher's duel, when Garcia, Washington catcher, tripled and scored on an error.

If it is necessary to determine the league winners, the game will be re-played at the close of the season.

The next league game is to be played against Pleasanton on the Washington diamond on Friday, April 7, and will mark the close of the first half of league competition.

YOUNG WOMAN IS HURT IN CRASH ON STATE ROAD

High School Students Figure In Wreck of Three Cars Friday

Betty Lou Noble, of Pleasanton suffered minor lacerations of her left arm in an automobile accident last Friday afternoon occurring near the intersection of the Hayward road and the state highway. Three cars figured in the accident, according to police.

A herd of cattle was being driven along the road at the time, it was said. A car operated by M. C. Thomas, of Oakland, came up behind the herd and stopped. Another machine driven by H. L. Anderson, of Berkeley, stopped behind the Thomas car.

Betty Lou Noble, driving Ray Lopez's machine failed to stop and crashed into the rear of Anderson's machine, which in turn bumped into the Thomas car. Fenders on all three were somewhat damaged.

In the car with Miss Noble were three high school chums. Ray Lopez, John Haas and Christian Hanifen. Poor brakes were the cause of the crash, according to Police Chief Wm. T. Davis to whom the report of the accident was made.

Capacity Houses Witness Play at Amador Union High School

Offering Is Most Successful and Beautiful In School's History

VOICES, DANCING GOOD

Director Harry Tripp Deserves Great Credit for Fine Work

Before two capacity audiences the students of Amador Valley High School presented in an exceedingly commendable manner the elaborate and fascinating operetta, "The Belle of Bagdad," on the high school stage at Pleasanton, Friday and Tuesday evenings.

The work of the students in "The Belle of Bagdad" was by far the most exacting of any ever before presented and showed fine training in all departments. Credit for the success of the production must be given to Harry Tripp, music director of the Pleasanton Township schools.

Tripp worked hard for two months as did the students to perfect the play which was the most pretentious ever attempted and the success attained attests the worth of Tripp in his capacity as music director. In addition to training the vocalists, Tripp directed an orchestra which is the equal of any in a high school of the size of Amador.

Another of the instructors of the high school who deserves much credit is Mrs. Anita Smith for her work in training the dancers. The students did not appear as rank amateurs in this production, but showed the result of steady drilling and did themsevles as well as their instructor proud.

One fault the writer had to find with the production was that two of the principals might have been termed as miscast, but considering that the different roles called for certain types of voices, this fault was easily overlooked in the fact that in casting the principals in regard to their voices, Director Tripp did not err.

"The Belle of Bagdad," as the name indicates is an operetta set in Oriental surroundings. A market scene in the old city of Bagdad was the setting for both of the play's two acts. The time elapse in the operetta was only one day, but the action which took place was sufficient for a year.

The principals, all of whom did excellent work, were a follows:

Mrs. J. Horace McCann, new American consul in Bagdad ..... Olive Tripp
Elsa McCann, her daughter ..... Mildred Enos
Anne Blackwell, a friend of Elsa's ..... Gladys Rose
Archie Fitzgibbons, from dear old London ..... Thomas George
Zelinda, a dancer ..... Enrica Adami
Rose, a daughter of the Caliph ..... Grace Reimers
Lily, another daughter ..... Jean Graham
Ali Ben Mustapha, the prefect of police ..... Joaquin Perry
Hassen el Carib, the Caliph of Bagdad ..... Lloyd Gomes
Jewel, his favorite daughter ..... Ottilia Nevis
Bob Ballentine, an airplane mechanic ..... Edward Gomes
Bill Blake, his friend and companion ..... Francis Bottini
Henrietta Wipstitch, a romantic spinster ..... Josie Bottini
Dick Taylor, from the Super-Supreme Film Co. ..... Myron Azevedo
The Assassin ..... Manuel Safreno
A sales girl ..... Jane Robb

One of the disappointments to many was the fact that Joaquin (Bud) Perry did not have a role in this operetta in which he could display his talents for comedy, but what this popular youngster lacked in the way of a comedy role he made up in the songs he sang.

Completing the cast were the following:

Singing Chorus

Inez Reimers, Jane Robb, Beatrice Clark, Geneira Eastman, Dorothy Nielson, Eleanor Hansen, Bessie Monighetti, Mildred Nunes, Catherine Nolan, Mary Servos, Lorna Blacow and Velma Roych.

American Dancers

Elvira Escobar, Josie Milnai, Miller, Bernice Toscana, Jofreta Mae Egan, Pauline Enos, Anna Pous, Betty Sobiela, Olive Adams and Murl Hurley.

Oriental Dancers

Alberta Viada, Julia Woods, Linda Linsler, Henrietta Woods, Evelyn Pickelle, Annette Giorgis, Helen Rankin, Beverly Rosa, Mary Pedri and Betty Lou Noble.

Soldiers

Frank Marino, Harold Kamp, John Dolstra, Stanley Rathbone, Leo Reimers, John Garibaldi, Manuel Safreno, Bob Gibson, Lincoln Madsen and Max Fackler.

Slaves

Tom Nerton, John Rossi, Bill Bottini and Bob Silva.

The orchestra was composed of both high school and grammar school students as follows:

First violins: Mildred Sorensen, Elmo Vizozlini, Leeta Haas, Shirley Blacet, Dorothy Kolln, Rosaline Paulo, and Delina Munro. Second violins: Merle Kamp, Virginia Menezes and Sarah Beratilis. Baritone: Charles Viada. Bass: Bill Gibson. Trumpet: Kenward Sexton. Trombones: John Haas and Jack Kolln. Horn: Mildred Silva. Oboe: Melva Madsen. Flute: Arnold Abrott. Clarinets: Joe Miller and Anna Hanifen. Tympani and bells: Christian Hanifen. Drums: Edward Vervais. At the piano: Verna Littlefield.

Others who aided in the success of the operetta were R. O. Moyer, principal of the Pleasanton schools, who had charge of the make-up of the characters; George Patterson and students of his shop classes who built the scenery and did the stage work; Miss Perry and Miss Wollitz who controlled the publicity which was responsible for the two capacity audiences; and Garnett Fleming who controlled the elaborate lighting efects, all of Amador High faculty.

Principals Club Is Opposed To Bills Hindering Program

Teachers at Hayward Meeting Declare Against Certain Measures

Members of the Alameda County Principals club went on record as opposed to Senate Bill No. 664, is a member, went on record as opposed to Senate Bill No. 664, which relates to finances of school districts, at the meeting held in Hayward last week.

The bill referred to gives the board of supervisors of any county the right to determine whether the program of education outlined by the state educational department is too expensive to be maintained in their county and whether it shall advance the money for such a program. It also empowers the supervisors to say whether or not they will raise the salaries of educators as provided by the state program.

This and other bills pertaining to schools were discussed by David Martin, county superintendent of schools, for the benefit of the principals.

Pleasanton Lions To Entertain For Council On May 7

Invitation Accepted To Have Barbecue Dinner Here

Pleasanton Lions will entertain the Golden Gate Council of the Fourth District of Lions International at a barbecue in McKinley Park on the night of May 7, it was announced this week by officers of the Pleasanton den.

The council accepted the invitation of the Pleasanton Lions at the meeting held in Hayward last Thursday night. There was an attendance of 149 at this session, it being announced by John Siem, secretary of the Hayward club, that reservations had been limited because of lack of accomodations available.

There will be no limitation of accomodations at the barbecue to be offered by the Pleasanton den, and it is hoped that the entire membership of some 250 will be in attendance. Pleasanton plans to outdo the Hayward club if possible, and this will be a big order as the Hayward den put on a very good program.

There will be an additional attraction at this meeting as the representative of the council in the five minute speaking contest will be chosen. This speaker will appear in behalf of the council at the district convention in Yosemite park in June. All clubs have been asked to hold elimination contests before the group meeting. Morris Hurley, of the Oakland club, won the cup at last year's contest.

The Pleasanton den plans to entertain with an old fashioned barbecue and all the trimmings. Arrangements are being made for the affair now under the direction of the committee appointed this week by Jerome Arendt, club president.

The committee is composed of Crawford Letham, George Rorabaack and Bruce Pickard.

MORE ON Township Elects

(Continued from Page One)

not a personal one against any of the candidates in particular, but rather an emphatic protest by the township citizens against high taxation for education and an indication that public sentiment did not approve some of the members of the present faculty at the high school.

A. A. Bettencourt and Fred Dusterberry proved capable trustees during the past term, filling their offices with conscientious ability and integrity, but the sweeping majority by which Logan and Oliveira were elected was a strong indication that the tax payers of the township desired a drastic change of regime.

Oliveira and Logan led the issue in all precincts except Niles, where Dusterberry and Bettencourt carried by a substantial majority. In Mission San Jose and Newark, the issue was fairly even, the total votes polled in both precincts being slightly in favor of the trustees elect.

Wins Uncontested.

Thomas B. Murphy was re-elected to the office of trustee of Niles Grammar school, running uncontested, and polling 294 votes. This makes the fourth consecutive term that Murphy has been elected to this office, extending over a period of twelve years.

Emeryville Proves Easy For Dons Of Amador, 11 To 5

Pleasanton Is In Second Place In County Ball League

Emeryville proved an easy mark for the Dons of Amador on the high school diamond at Pleasanton on last Friday afternoon as they went down to a 11 to 5 defeat. The Dons maintained a lead throughout the entire game.

Errors, which cost the Dons one game already, were considerably fewer in number in this contest, but still made too many appearances. Coach George Patterson expressed himself as well pleased with the work of the Dons, however, and has hopes of seeing his charges at the top of the league at its close.

Julius Anselmo was in great form Friday, going the limit for the first time this season. He allowed but five hits and fanned six. Instead of the large number of walks he had been issuing in the past, only three batsmen were given a free ticket in Friday's game.

Marthy, on the mound for Emeryville, equalled Anselmo's record of strike-outs at six, and issued but one walk, but could not stop the bats of the Dons, fifteen of them being slammed back at him.

ado road, the situation looks very promising for the success of the project.

The board of supervisors has at last made a very definite move in the matter—has gone on record that the road will be built at once and maintained by the county, if all or at least a majority of the property holders voluntarily deed to the county the extra footage beyond the nursery and to the Western Pacific tracks, that will make the highway, when complete a fifty-foot roadway.

The next move, then, is up to the civic-minded citizens of Niles. The task is marked out for them. And that means that all men and women of this city, who want to see Niles expand, grow, prosper, be a better place to live in, should give the committee appointed by the Chamber of Commerce to handle this road matter co-operation in time and energy, and money if necessary. The property holders, upon whose generosity the immediate success of the undertaking depends, should rise to the civic demands made upon them, and the liberality of their conduct should be a bright page in the municipal history of this town which most of us, we are sure, love with deep devotion.

The Township Register feels that George Roeding, president of the California Nursery, will prove to be as big a man as his illustrious father—a man never content to sit idly by while there was public duty to be performed, but who insisted on being in the vanguard of every movement for the betterment of Niles, Alameda county and this great commonwealth, California. Certainly the son of such a fine character will dissipate, we are sure, the growing belief that he alone remains an obstacle to the early and worthy gratification of this community for expansion in the only practical direction possible—west.

Come, let us all be men worthy of the name. Let us be big men. Let us sink personal animosities, personal jealousies, and above all see the big, real advantage ahead, and forget what a few inconsequential dollars mean today. Let us give the board of supervisors clear deeds to the property, and NOW without wrangling, fussing, dickering and bartering. The road is going to be built—nothing can stop it—so the wise thing to do, the big thing to do, the far-sighted thing to do, is to put it over in a big way, with open generosity, civic-mindedness and a consciousness that you are a power for progress. That thought, that feeling, is worth something. It is worth much. And the town will speak of you in a fine, splendid way.

Let us put that road across NOW.
